

## *on the cover: Attorney/Secretary*

*Finally, I need to introduce you to two women, Carmen Vigil, a partner at the Bonne Bridges firm, and Carmen's secretary Sherry Gregorio. They have worked together a relatively short period of time compared to the many other responses we received, but Ms. Vigil has apparently had a dramatic impact on Ms. Gregorio's life, and I cannot say it better than Ms. Gregorio did in her note to me:*

*"Carmen has greatly inspired me... She has taught me so many valuable lessons in my own personal life, as well as in my career as a legal professional. As a result of her exceptional mentoring, and the remarkable manner in which she conducts herself and handles her work, she has given me great insight myself and into my true goals in life. She has absolutely inspired me. I am starting law school in August of his year... My experience working with her has given me great life lessons that will stay with me forever."*
